

OIL SKIMMER

Screw type

Spiral type

SLS series

MOS series

Application : For Cutting Machine

Type	SLS series	MOS series
Target oil viscosity	VG22 -68	
Coolant fluid temperature	10 - 50°C	
pH	pH4 - pH9	
Performance	Max. 850ml/hr	Max. 100ml/hr
Feature	Relatively clean liquid is preferable.	Suitable for Coolant containing more sludge and metal cutting chips than SLS series
